## 2023 Dayton Region MATHCOUNTS Results

Middle school students from twelve regional schools recently competed in the MATH-COUNTS® Competition Series at Wright State University, an event organized by the Dayton Chapter of the Ohio Society of Professional Engineers. The competition held on February 25th, 2023, brought together 91 Mathletes across the Dayton region. Representing schools from Coldwater to Dayton, these young mathematicians tested their skills in various challenging rounds.

The participants included:

- |   |                                      |
|---|--------------------------------------|
| -Coldwater Middle School, Coldwater         | -The Miami Valley School, Dayton     |
| -Dayton Regional STEM School, Kettering     | -Shawnee Middle School, Lima         |
| -Watts Middle School, Centerville           | -Incarnation School, Centerville     |
| -Ankeney Middle School, Beavercreek         | -Tippecanoe Middle School, Tipp City |
| -Dayton Regional STEM School, Kettering     | -Coy Middle School, Xenia            |
| -Franklin Monroe Schools, Arcanum           | -Magsig Middle School, Dayton        |
| -Bellefontaine Middle School, Bellefontaine |                                      |

The top four teams in the competition included:

- Magsig Middle School (Coach: Shreya Singh)
- The Miami Valley School (Coach: Tracy Conn)
- Tippecanoe Middle School (Coach: Dale Bonifas)
- Incarnation School (Coach: Adria Patel)

In addition to the team competition, six individual competitors stood out with exceptional performances, including:

- |   |   |
|---|---|
| -Siddharth Singh (Magsig Middle School) | -Max Brueggeman (Non-School Competitor) |
| -Eric Zhang (Magsig Middle School)      | -Keeran Patel (Incarnation School)      |
| -Erza George (Shawnee Middle School)    | -Dharmendra Varma (Watts Middle School) |
